Concerned about wildfires? Join the Mendocino County Fire Safe Council and help us to help YOU prepare our beautiful county to survive the wildfires that are sure to come!

The Fire Safe Council is a nonprofit partnership of people working to save our lives, homes, and resources from the devastation that large wildfires can bring. We are a "membership" corporation and consider our members to be valuable collaborators. Membership dues help form the financial basis from which we can perform planning and educational activities -- and on-the-ground wildfire reduction projects where needed.

The Council's activities include:

- Creating educational publications
- Securing federal and local grant funding for projects to reduce wildfire risks
- Making maps of rural subdivisions for use by local and out-of-area firefighters
- Helping to start local Fire Safe Councils in rural areas of the county – where people take action to defend themselves
- Supporting local volunteer fire districts
- Creating wildfire preparedness plans for local communities
- Promoting properly-located, easy-to-read road and house number signs
- Being an information clearinghouse
